The 1986 yearbook is dedicated to two well-known and well-deserving individuals . . .

MR. MICHAEL G. HORAN

Early last summer, our long-time principal **Mr. Michael Horan** announced his retirement after a career that spanned almost thirty years, seventeen as principal of *Sparks High School*. **Mr. Horan** stated, "I have no regrets except that I will miss the students, faculty, and staff — for they have played such an important role in my life."

Mr. Horan started his career as a student teacher at *SHS* in January of 1956. A month later, he received his teaching contract from prominent educator, **Proctor Hug**, who served as Superintendent of Schools for a number of years.

Five years later, **Mr. Horan** was named vice principal under Principal **Deloy Anderson**. He became principal of *Sparks High* in 1968. The fifty-five year old retiring principal has been particularly proud of *SHS*'s former vice principals: **Mr. Carl Robinson**, now principal of *Incline High School*; **Mr. John Flynn**, principal of *McQueen High School*; and **Dr. Jaci Jones**, former principal of *Wooster High School* and our new principal here at *Sparks*. **Mr. Horan** said he always enjoyed his job and looked forward to each day.

MR. ORSIE S. GRAVES

After serving *Sparks High School* as a counselor, coach, and finally vice principal, **Mr. Orsie Graves** announced his unexpected retirement last August.

Born in Sparks, Nevada, he graduated from *Sparks High*, attended San Jose State University, and completed his college education at the *University of Nevada, Reno*. After completing his college education, he went on to acquire his athletic credits from *San Jose State*.

Before joining the *Sparks High* faculty, he taught at *Churchill County High School* in Fallon and at *Sparks Junior High School*. Then, in 1954, he started coaching as the junior varsity football coach and compiled a very fine record. In 1956 he went on to coach basketball. Finally, after having been a counselor, he became a vice principal of *Sparks High School*. Last August saw the close of a thirty-one year career in education. Much of it was devoted to *Sparks High*.

Mr. Orsie Graves and his wife **Lois**, a frequent substitute teacher at *SHS*, have a son, **Brad**, 30, who is a doctor of medicine. They also have two daughters: **Leslie**, 24; and **Patricia**, 21. They also have one grandson by **Brad's** marriage.

Mr. Graves will always be remembered, as will **Mr. Horan**, as a very dedicated individual who served for more than thirty years at *Sparks High School*.

4. *Mr. Horan* and *Mr. Graves* enjoy a laugh with *John Gonda* at the ceremonies.
5. *Dr. Jones*, principal of *Sparks High*, waits to bid farewell to *Mr. Horan* and *Mr. Graves*.
6. *Mr. Horan* enjoys a piece of cake with members of his family.

Changes bring new principal to Sparks High

As a teacher, counselor, dean, and finally Principal of *Sparks High*, **Dr. Jones** is definitely considered "a leader."

For the past 3 years **Dr. Jones** had been the principal of *Wooster High*, but changed to *Sparks* by choice. Her change triggered a number of changes in High Schools concerning *Reno*, *Hug*, and *Washoe*. She feels that the faculty, students, and size of Sparks made her choice a wise one.

Born in Reno, **Dr. Jones** lived in Silver Peak, Nev., until she was eight, when she moved to Gabbs, Nevada, living there until she finished high school at *Gabbs High*. After graduating, she attended *U.N.R.* She received her doctorate degree in Programs & Staff development on May

10, 1985. She completed her college training at *Vanderbilt University*, in Nashville Tennessee.

Once, holding the position of Vice-Principal at *Sparks High*, she started attending conference, which started her thinking that she'd like to be a principal herself.

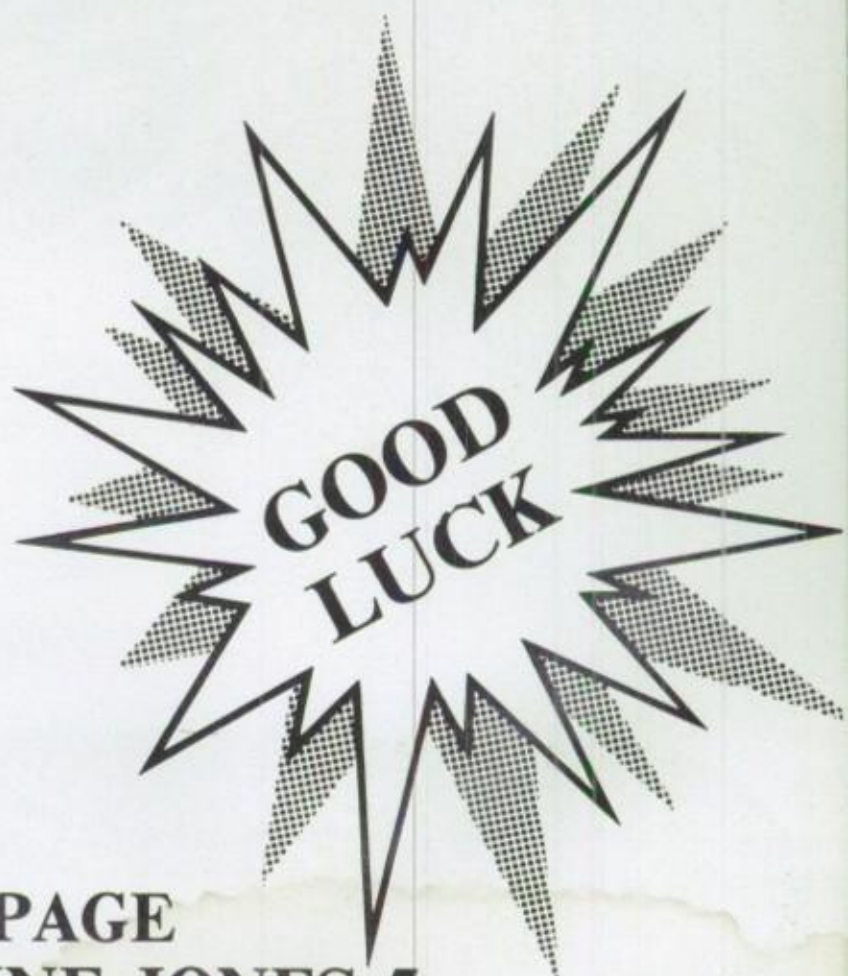

Approximately three years ago, the position of Principal of *Wooster High* opened up, and thus after being accepted, served as Principal for three years, until the *Sparks High* principal ship opened up.

Through the power of the pen, and outside all of the paperwork, we are very proud to see the growth and development under the new hand of administration by **Jaci Jones**.

1. *Dr. Jones* looks over a paper of importance.
2. *Dr. Jones* discusses business on the phone.
3. *Dr. Jones* sparks a smile while working in her office.
4. *Dr. Jones* caught as she talks with a class.
5. *Dr. Jones* works diligently on a teachers schedule.
6. *Dr. Jones* proudly displays "her" car, an '85 Trans Am.
7. Now why did you have to go and take my picture?

Flashes in the midst of our memories . . .

Last years spring play was presented by the *Sparks High Drama Club* in conjunction with the choir, performing the first musical in the history of *Sparks High*. Opening night April 10, was a smash hit, as well as closing night April 13th. The practicing was performed during Easter vacation for a total of a month and a half, to make "Damn Yankees" the success it was.

The dazzling evening at *Nendels Inn* on Prom night was spectacular! The theme was a garden scene. A fun filled evening was added with decorations, refreshments, and finally the special moment of the good-bye kiss. It was an exceptional evening remembered by all.

The models of last years fashion show lead a glamorous life as the 51st annual show appeared March 27, 1985 in the large gym. *Mel Peterson*, and *Courtney Gann* had the honor of being named last years

Lord and Lady of fashion. A special thanks went out to *Mrs. Bergmann* for all her help and time in producing her last *Fashion Show*.

Sweetheart Ball 85' was held May 10th, as the girls escort the boys to a night of luxury, and fun. A total of 200 students showed up, as *Mr. Olivero* portrayed the Marryin' Sam. The evening was filled with bliss and fulfillment for the couples who found it to be special.

Finally we give our last goodbyes and best wishes to the class of '85. 197 members of the class of '85 from *Sparks High* graduated in the arena of *Lawlor Events Center*. Fifty-seven of those graduates carried away scholarships and commendations with their diplomas. The highlight of the evening was the revealing of the representative boy (*Jason Geddes*), and representative girl (*Anna Martin*), selected by fellow students and faculty members.

1. Everyone enjoys a good time at the prom.
2. *Joel Mueller* piers on with great enthusiasm as they start to put make-up on *Elliot Sattler*.
3. *Mr. Peraldo* and *Mr. Lundemo* chow down at the Pie Eating Contest.
4. Former principal *Michael Horan* congratulates last years Valedictorian *Anna Martin*.
5. *Mr. Fockler* and *Marci Devere* play the part of Joe Boyd and Meg in the spring play *Damn Yankees*.

INTRODUCTION SPRING EVENTS '85 9

One book you shouldn't have to sweat over.

If you're working hard to make a decent GPA, you shouldn't have to work as hard to make ends meet.

A federally backed student loan from First Interstate Bank of Nevada can make things a lot easier.

We can arrange to loan you up to \$2,500 a year for your undergraduate studies. And up to \$5,000 for graduate studies. All loans are at very low interest rates.

While you're in school, the federal government will pay the interest on your loan. Once you graduate, you'll have up to ten years to repay your loan.

So stop in at any First Interstate Bank office for the full story and an application.

There's only one Nevada bank that grants student loans. First Interstate Bank. And last year, more than 4,500 students received federally backed student loans from us.

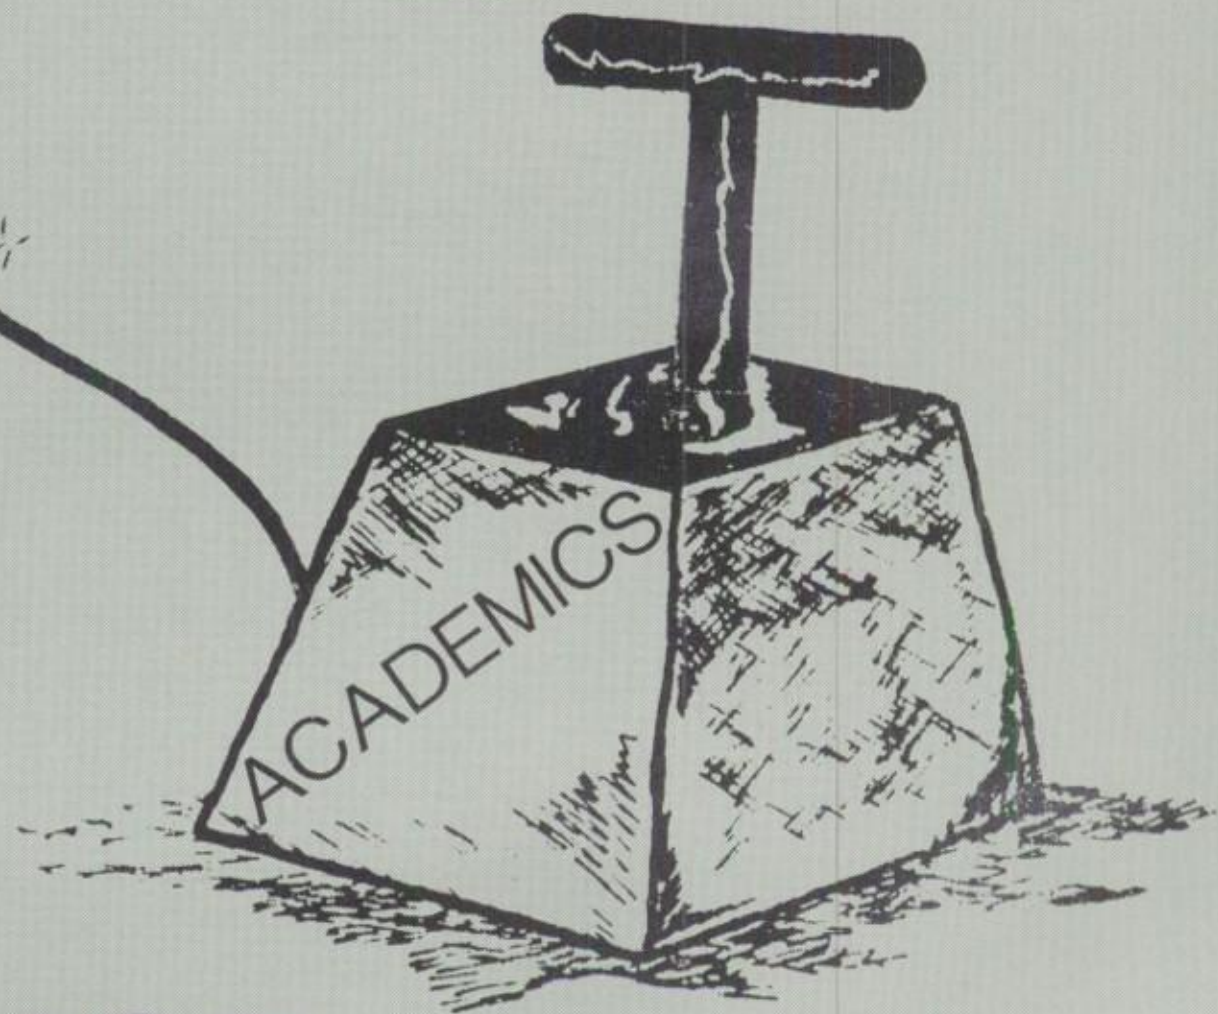

The way we see it, while you're in college, your checkbook should be the last book you should have to sweat over.

Live the life you want, Nevada!

Executives succeed in their everyday job of keeping SHS the best ever . . .

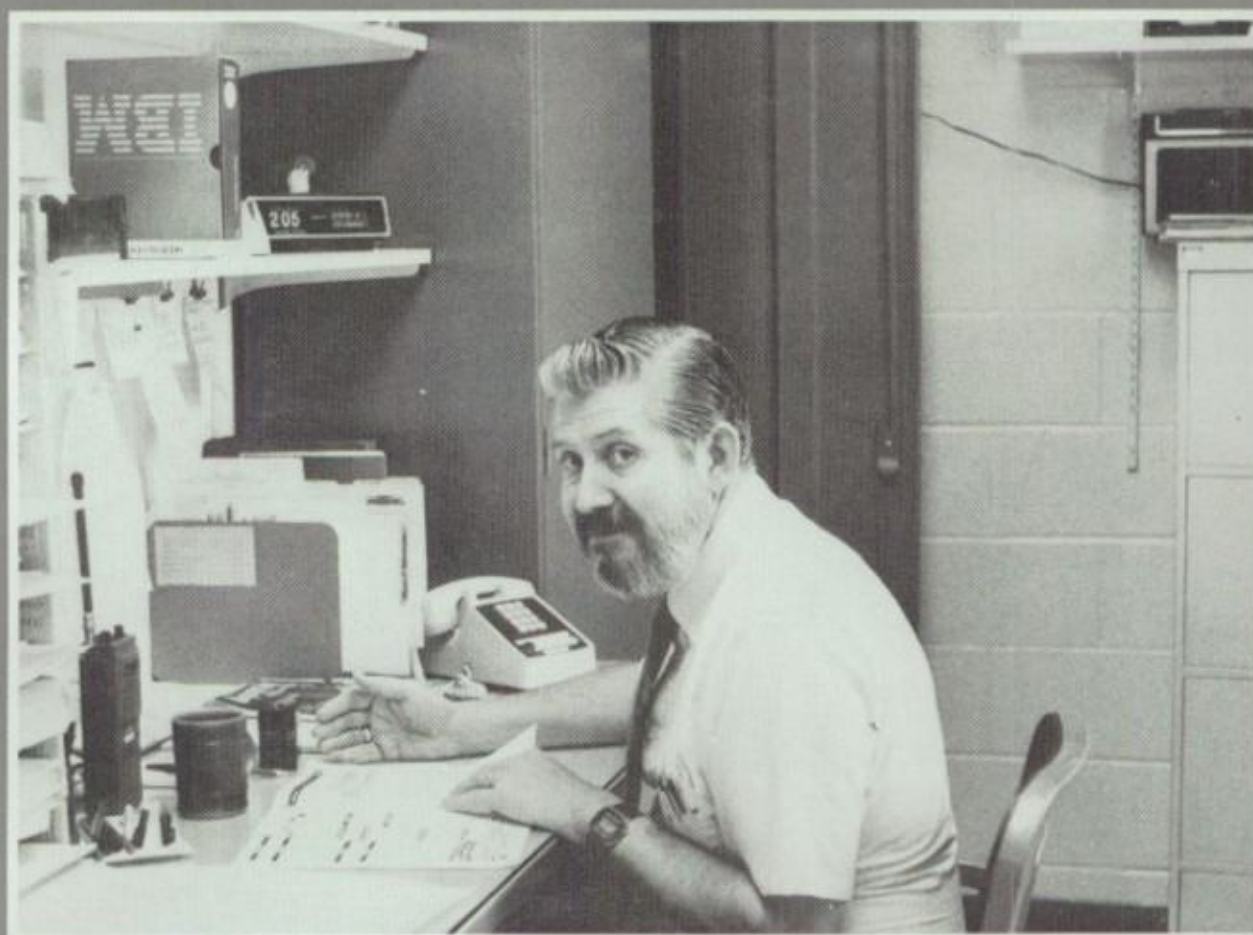

Our Principal

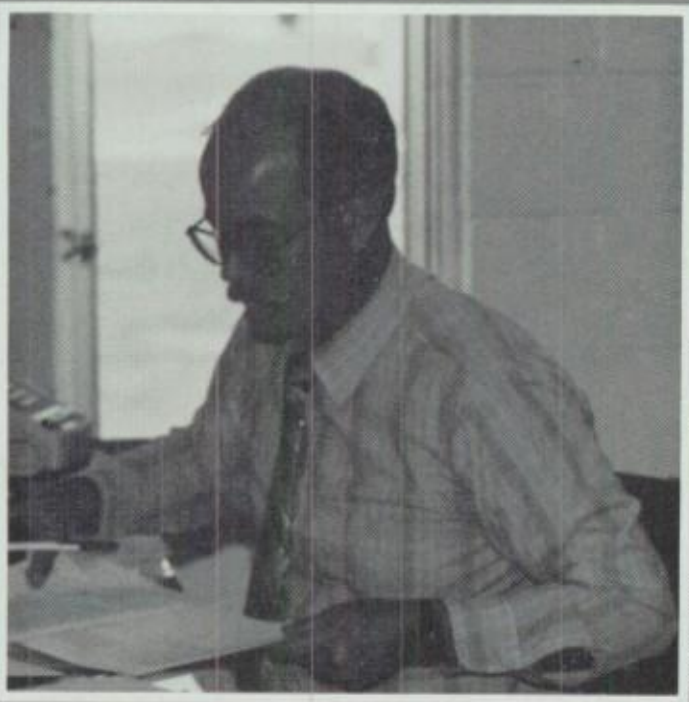

Through all of the meetings, paperwork, telephone calls, and conferences, no one can say that *Dr. Jones* hasn't done her job in keeping SHS the most spirited school ever. In performing her day by day role as our new principal, she's proved that she can be quite a dynamic leader in spite of the demands and problems any high school faces.

Mr. Christensen

Our executive vice-principal *Mr. Richard Christensen* is the lead man responsible for the publication of our '86 yearbook (*Terminus*) as well as *Streamline* and the *Literary Magazine*. In his every day job of security, discipline, attendance, and other student matters, his role of counseling and guidance seem to be the most important. His job consists of a number of other responsibilities, in his effort to keep SHS the greatest.

The Administrators that keep our school going . . .

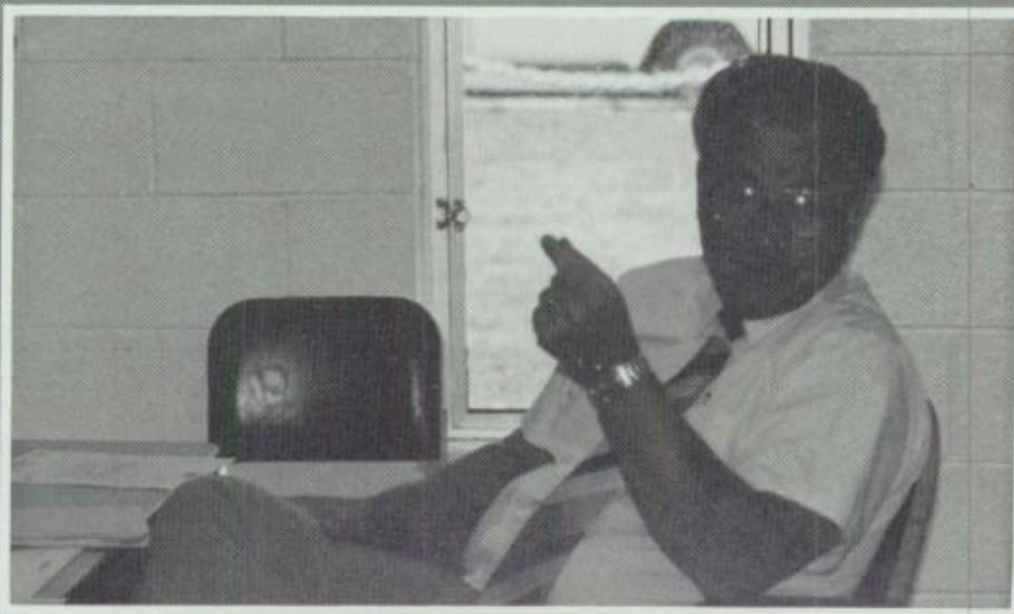

Mr. Griffin

Mr. Tim Griffin is a leading administrator of many duties. His responsibilities include faculty advisory director, student council coordinator, student affairs, public relations, master schedule, and advanced placement. These are only a few of his organizational duties.

Mr. Corley

From working with staff development to Athletics Director our newest vice-principal *Mr. Bob Corley* keeps busy acting as chairman of the P.E. department, accident reports, surveys, inventory, honor roll and evaluations. He works closely with vice-principals *Mr. Christensen* and *Mr. Griffin*.

Mrs. Crawford

The duties of the Dean of Students are many. From office referrals to exclusions and suspensions. Even with help from *Mr. Christensen* the job can still be quite tedious at times. But above all Mrs. Crawford claims that discipline and attendance are top of priority.

The counselors at Sparks High are some of the most important people running the school. Some of their primary responsibilities include class advisement and scheduling, credit counts and program evaluation to insure graduation. Parent-Teacher-Counselor conferences are set up to advise parents of student progress and to advise counseling for troubled students.

In addition to the above, the counseling department is also involved in group counseling for student aid, and is holding Parent classes in the evenings. These are just a few of the many day in and day out duties the counseling department handles to perform the finest of its capabilities for the students here at Sparks High School.

Counselors lend a hand

Mrs. Nevin and her 6th period students which she counsels weekly as a group. The topics that are brought up in the counseling group are those which concern the students, such as teachers, friends, schoolwork and anything else the students bring up.

An alternative for students

Alternative Education is a classroom situation where students who are not usually adaptable to a regular classroom setting, can fit in more comfortably. A student can often perform quality work on his or her own pace. The atmosphere is self-paced, so that students can earn "release time" for their work completed.

The classroom is set up so that each student has individual attention, where as in a regular classroom there would be a minimum. **Mr. Tom Olivero**, and **Miss Karen Smith** teach students who may actually be aca-

demically talented in some areas but below average in others. They try to instill above average working habits by encouraging students to give it their best shot and do the best they can do.

It is set up so that students are referred to the program through their counselors. Friday is the "release time" day, where students can have a chance to play ping pong, and do some of the things they earned credit for by completing assigned work during the week.

1. Louis Taylor is getting all of his work done. (Talk about concentration).
2. Just a nice relaxing game of ping-pong between friends.
3. Miss Smith helps out her students Louis and Joyce.

Students can explore independently

The Independent Study program was started in 1973 to give students a chance to work on something not normally offered in the regular curriculum. On that basis, students are required to check in everyday letting the independent study instructors know where they are going to be for that period. In addition to that, students are required to keep a journal of what they are doing each day of the week, and then once a week have an interview with either **Mr. Fockler** or **Mrs. Sill**, on what they did for the entire week. It is unique how the program runs. **Mr. Fockler** and **Mrs. Sill** have enjoyed working with students on a one to one basis, and most of them have enjoyed the program alot.

So long, Sgt. Reichman

Sgt. Jud Reichman transferred from the faculty here at Sparks this year due to family health considerations. He is retiring this year and leaving close friends behind. After 18 years here at Sparks High School, **Sgt. Jud Reichman** will enjoy the outdoor life, as he fishes, hunts and has some time to travel to Europe.

Being in the service for 25 years has enabled him to be the Adviser of Rifle Team, Drill Team, and Color Guard along with **Sgt. Miguel Jacobsen**. Working with the R.O.T.C. students, he taught leadership, Citizenship and self-confidence. He felt that the relationship with the students was what he would miss the most about teaching.

Good-bye and Thanks, Mrs. Sill

For the past 27 years, Mrs. Marge Sill has been very much involved in working with students, whether it be math-from calculus to remedial; English, independent study or computer science.

Since she first started working here in September of 1959, she has seen and accomplished a great deal; but will miss the students the most: "Our students are super!, and I consider them my friends." Mrs. Sill enjoyed teaching calculus the most, but is confident she will miss the paperwork the least. Mrs. Sill was very active, wanting to be a part in the growth of extra-curricular activities. She was the adviser of National Honor Society, Computer Club, Chess Club and Future Teachers.

Now, Mrs. Sill has received the free time to do some of the things she hasn't had time for. She plans on traveling to Peru, the East Coast, New Zealand and France. She wants to work on conservation problems, volunteer work, reading, music, playing tennis, and golf. And, for a job well done at Sparks High School she certainly has earned the leisure time!

Stacey Giersbach, a member of the senior class was sponsored by the Rotary club of Sparks to be a foreign exchange student in New Zealand this school year. This is the poem she sent us:

NEW ZEALAND

There is a place at the bottom of the globe,
where things are different,
or so I'm told.
Where thanks is "ta" and always said; where
bed is "bead" and "heed" is head.
Where rugby and cricket are just an excuse,
to shoot all the Aussies
all kinds of abuse!
Where football is "grid-iron"
a coming craze.
A place where all closed shops are all closed
on Saturdays;
Where at the end of a sentence you always say
"eh"?
And instead of "Good Morning" you say

"Gedday".
Where your friend is your "mate" and a flirt is
a "tart".
And large amounts are just "untold"
where north is warm and south is cold.
Where an American is often called "yank"
and the post office is where you bank.
Where a "fag" is something that you smoke.
And, a man's not a man,
a man's a "bloke".
If something is "wonky" it might be astray.
Cars never yield, they only "give way". Where
lemonade tastes like seven-up; supper is
"tea" and dessert is "sup".
Where babies wear "nappies" and travel in
"prams".
And paddocks (not Pastures) is where you

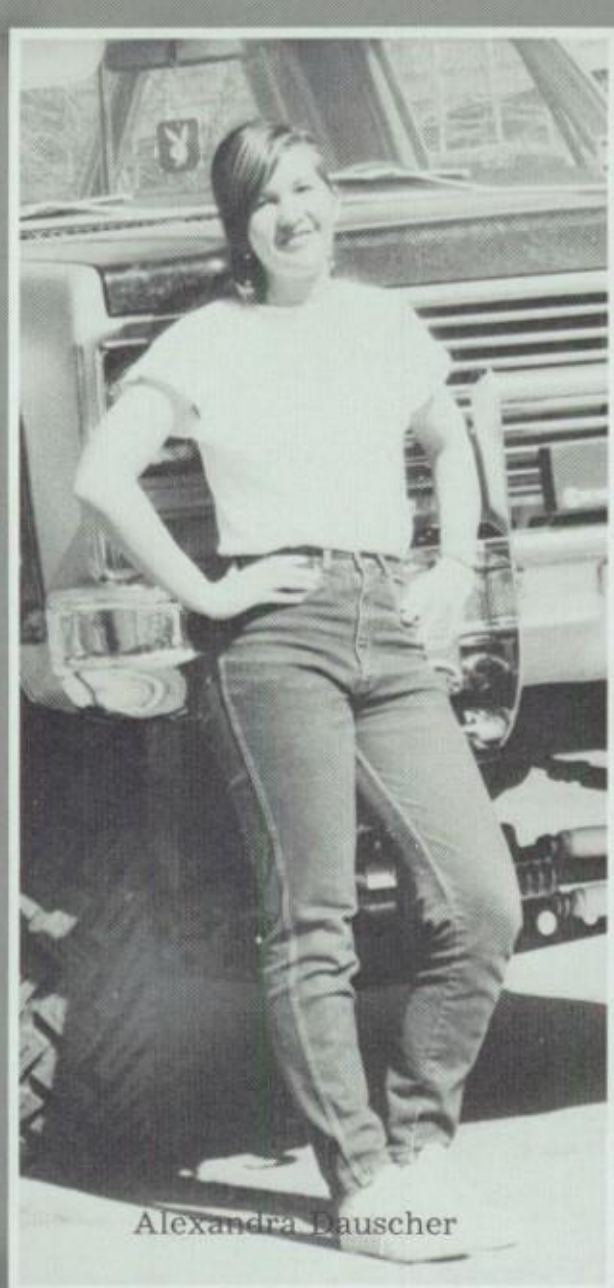

keep lambs,
where waitresses are 'nt tipped,
no matter how good they are.
And a car has a "bonnet", instead of a hood.
Where "trousers" are pants; a "jersey's" a
sweater.
And "post" is something you do to a letter.
Where School children are dressed in uniform
mode,
and all of the cars drive on the left side of the
road.

Students exchange schools, ideas

When we asked Lars Henneman and Brita Peltz what they liked about living here in Nevada, as compared to Germany, it was as if they had similar interests, but in a different way.

The lifestyle is different in Germany. They both agreed that life here in the states is easier and that Americans are friendlier. School there is held everyday from 8 to 1 pm, and for some, until 3 o'clock pm.

From dressing with in styles in fashions and fads, the music and dress are both the same. In television broadcasting, soap don't exist. Thats right say "Later" to General Hospital, and kiss "All My Children" goodbye.

Teachers are people too!

The teachers of Sparks High are all unique, yet in some ways they are all alike. At times they seem so composed, and then the moments come when they lose control, only to be caught by a wandering yearbook photographer. Yet even in these moments of anguish, the teachers find themselves giggling at the thought of being caught. This is in memory of all the teachers who blew it, in hopes that they will be more cautious and keep their hidden secrets secret.

2. *Mr. Batchelder* takes a short nap between homework assignments.
3. The smile that won the west. (*Mrs. Myrene*)
4. *Mrs. Crawford* likes everyone to think she's one tough cookie, but we know she's just like the Pillsbury Dough Boy, soft and pushy.
5. *Mr. Furman* is caught off guard after a student asks an unusual question.
6. *Jennifer Seachris* gives us her wake-up smile.
7. "How does this doohickey work?" *Mr. Coverly* looks entirely stumped.

9. *Ms. Dwyer* is shocked to find herself sitting on a tack. But she keeps on a happy face.

Kids love to argue.

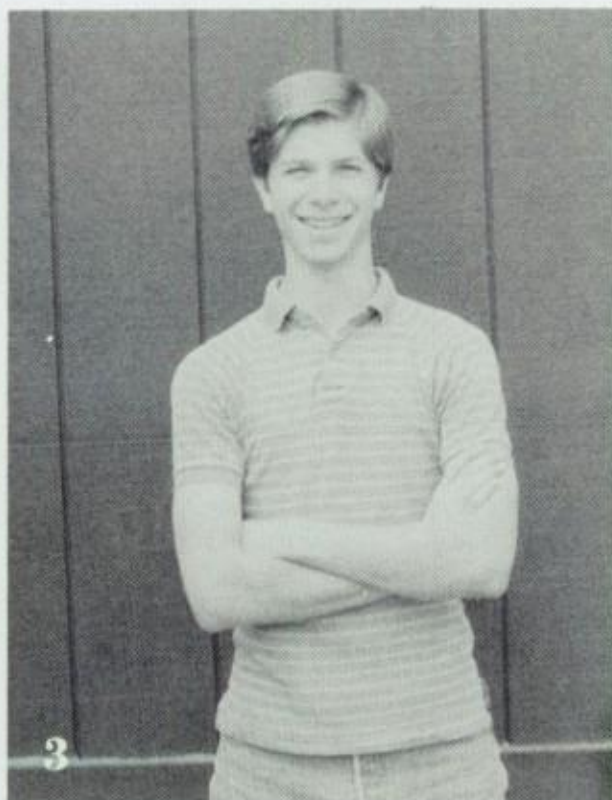

Forensics is competitive speaking. There are two areas, one is called Debate. It is refined argumentation. The other is Team Debate, or Oxford Debate. It consists of two people. They debate governmental policy. The Lincoln-Douglas Debate, or one man debate, is made up with a topic of value.

There are eight popular individual, current events, they are called, 1) Extemporaneous Speaking. The individual chooses from three topics, and has thirty minutes to make up a speech. 2) Impromptu Speaking. Again, the individual chooses from three topics, but has only three seconds to make up a speech, and speaks for five to seven minutes. There are three "interp" events. 1) Oral Interp, the individual collects materials from two or three poems putting together one theme. 2) Humorous Interp. Here the individual takes cuttings from a play or short story making one theme. This is mostly vocal and there are few movements. 3) Dramatic Interp. This consisted of the same things as the Humorous Interp, but this is dramatic not funny. The last three are Originally Oritory. This is a serious speech of persuasion. 2) an original humorous speech, or "after dinner" speaking. This is to entertain and to be funny. 3) Expository Speaking. This is speech to define or explain-it can have

minimal props. In this years competition, our Sparks High Forensics Team competed in all the individual events, except the Expository, Oral Interp, and the Impromptu.

Mrs. Cornfield was proud to say that last year Sparks High's, **Mike Oberberger** was sent to the National Competition held in Houston, Texas.

Wizardry students learn to use latest computer technology

Computer Club was made up of determined students who wanted to learn more of the computer ways. Members met in B-5 in the morning, during lunch, and after school to progress in their programs. Computer Club is made up of students working

on their "own" programs. **Mr. Voss**, adviser, helped the students all he could, but the students, other than that, did all the work themselves. With the Radio Shack computers they were able to create a variety of their own computer programs.

Many programs consisted of graphics, mathematical figuring, problem solvers, and even games. These students, when time permits, will be well adapted to the computer wizardry that this age has to offer.

The year's memories flash by in Terminus

Busy was the key word for this year's Terminus staff. Meeting deadlines was the goal of the class; as a result, a tremendous amount of pressure was placed on the students. They were relieved by the many new faces coming into the class at the new semester. A few of the older members spent many hours training the new students hoping that they would be able to help the the old students finish their assignments. **Marc Johnston**, Editor said, "If we hadn't had the dozen new yearbook introduction students at the semester, we would have completed the book in time. It was all mainly due to the absenteeism of those students not interested in the class."

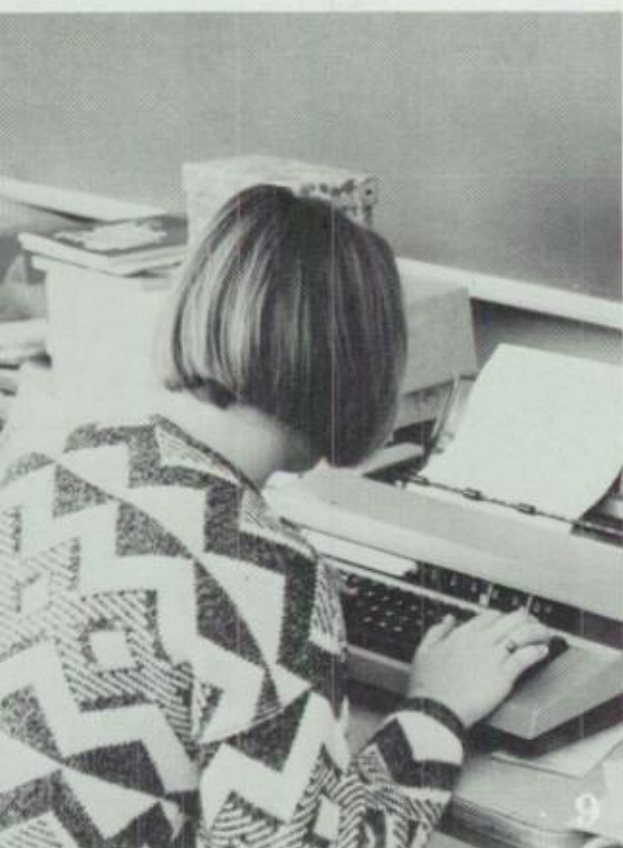

Cherié Lawhun, copy editor, and

Jill Ruiz, layout editor, were kept busy doing the many jobs of correcting the layouts that were to be sent into the plant to be printed. Also, they were the editors who made sure all assignments were assigned and followed through by the students.

Preparing the yearbook was not the only concern of the staff. Selling ads, setting up fund-raisers, and selling the yearbook itself were other priorities that the staff members had to consider.

The editors and staff members would like to express their thanks to the teachers and the administration for their time and patience through the year.

Songleaders blast away the other teams

Another year has passed and the songleaders kept struttin' their stuff. The six member squad consisted of five seniors and one junior member. **Renee Zmak** was the only one who had never participated in the cheerleading system, but never did it slow her down. All the girls proved they were the mightiest by attending every varsity game, along with the varsity cheerleaders, and rooting the fans on. Not a day or night went by when the girls weren't practicing their routines, so that they could bring

the fans and students some of the finest cheers Sparks had to offer. They all enjoyed bringing the onlookers a joyful treat whether the game was going well or not.

At the assemblies the students were able to see them perform knowing they wanted to produce a winning spirit. At Christmas time they even took part in the festivities by sitting on jolly ole Santa's lap.

The Junior Varsity Cheerleaders consisted of five girls, in 1986. They got up at 5:30 and 6:00 o'clock to get to practice by 7:00am, so they could learn all

the cheers as best they could. The practice paid off because they looked great when performing for our school.

Frosh girls full of flair.

The Sparks High Freshman Cheerleaders came into their first year of high school with a lot of flair. They spent one week of their summer at the Sacramento State University in order to learn, and practice, all the cheers. SHS blasts into the Valline era

The year started out with a burst for first-year coach, **Mr. Jim Valline**. Playing Carson on their home field, the Railroaders used a big-play offense to out gun the Senators 28-21. Senior quarterback **Eric Martinez** scored all four touchdowns on some spectacular running efforts. Adding a win over Hug, the team began with a 2-0 record, which boosted confidence. The Railroaders had a difficult time with the powerhouse teams of the league and suffered an unex-

pected loss to the Douglas Tigers. The season ended on another up-note, though, with the 28-27 overtime tie-breaker win versus Reed. Their 4-5 season barely missed the winning season that Coach Valline had set up as a goal.

For **Eric Martinez's** efforts in the Carson game, he was named Prep of the Week by the *Nevada State Journal* sports-writers. **Dale Moss**, junior running back, gained over 1000 yards on the nine-game season

and was aided by the talents of senior **John O'Rourke**. Center **Darrel Williams** keyed the offensive line and was voted the most valuable lineman for his fine year. **Les Depaoli** came through at linebacker for the Railroaders. His quick, smart play often inspired his defensive teammates.

Though a few nagging injuries to key players hampered the team, strong support from the spirit squads boosted spirits and rallied the crowds of supporters behind the team.

Varsity Volleyball power smashes in 1985

This year senior **Vienna Galvan** came out with a powerful slammer. **Vienna** led the team with her range of movement and extremely awesome blocks. She ended her season as a second team all-conference selection. Senior **Pam Warfield** maintained her steady skills throughout the season. **Pam** was a talented server and had a lot of enthusiasm while out on the court. Pam was honorably mentioned in all-conference voting. Junior **Tiffany Annand**, often diving to make

the impossible play, stood out as a team leader. The team encountered a few problems during the season, but by their working together, it led them to overall good team play. The team placed second at the Academics Friendship Tournament in California. In league the team finished 5-11, overall 8-15. Team captains were **Pam Warfield** and **Tiffany Annand**. **Coach Olivero** gave his thanks to **Dr. Jones** for her support at the games.

Soccer really kicks it this year in AAA

The 1986 soccer team ended the season with a better record than any previous team. Their league record was 4-6-3, while they went 7-8-4 overall. **Coach Voss** stated flatly, "This was the best soccer team Sparks High has ever had." Perhaps the high

point of the season was a game with Reed in which the Railroaders jumped out to the early lead before letting the Raiders tie the score late in the second half, 3-3. The team put in the winning goal less than two minutes before the gun.

Senior captain, **Luu Duc**, and sophomore **Tom Nguyen**, playing the forward position, led the team's scorers. **Homero Quinonez** and **Brad Stout** were defensive standouts. They helped goalie **Harold Solano** shut off their goal from the opposition.

Boys and girls varsity tennis sparkles with team spirit!

The *Boys Varsity Tennis Team*, coached by **Mrs. Garcia**, finished with a team record of 6-5 overall score. Their highest points of the season were South Lake Tahoe, 16½-12½, and Reed High School, 14½-12½. Those were their first wins over these two teams. The team encountered a problem with McQueen, because of weather conditions. The boys tennis team was determined to keep up the good character traits from the past with good team efforts and depth over all this year.

Junior **Sean O'Bannon** was an outstanding player this season. His wins were 27 and his losses were 17. Junior **Mike Leach** and junior **Arron Retterer** were number one in playing doubles. They won 33 games, and lost 11. The two players were very proud to make the quarter zone. **Coach Garcia** gave thanks to **Lola Granada** for support in transportation and her time.

This year the *Girls Varsity Tennis Team* encountered many problems. Although many injuries occurred in the games, the girls had the strength and attitudes to keep up their team efforts. Three of the eight team members played only parttime, because of various work schedules. There were two winning victories throughout the season, which were over Hug High and McQueen High School.

The Girls Tennis Team had good attitudes during their play in the games. They were determined to go on although they were rather

far behind in the games.

Junior **Michelle Moison** and junior **Carla Jennings** were outstanding in playing doubled in most of the games. Junior **Shannon Zamboni**, **Anita Capurre**, and **Mono Stoke** were determined to keep up with their extremely good plays. The *Girls Varsity Tennis Team* finished the team record with two in league, and nine overall.

Coach Cahill, gave thanks to the parents, especially **Judy Zamboni**, and **James Sullivan** for their support at the games.

Pushing hard to win the race.

Hardworking . . . yes. This year the cross country teams were very persistent and determined to win the races. There were no real problems during the season. Athletics injuries were prevented through plenty of stretching and warming up. The team members ran individually at almost all meets, except zone and state. Freshman **David Morgan** placed in the varsity 5,000 km at zone. The girls cross country team placed at zone, and took seventh at state. The teams were awarded medals at several cross country meets throughout the season. The cross country teams had a good season and plan to come back even tougher next year.

Girls' team plays a round of golf

This year the girls golf team was led by Junior **Wendy Imus**. She had played for three years on the team. **Wendy Imus** had been the only member on the team that qualified for zone tournament. Senior **Cori Stauffer** played golf all four years, and scored at many

matches. Senior **Misha Miller** played for two years and enjoyed her play in golf. Junior **Shannon McGinnes** became a second letterman in this year. The team won three out of seven matches over-all. The team played with unity throughout the season.

4. What a team!

The Junior Varsity Football Team turned a strong turnout at tryouts into a string of strong game efforts. The consistency of the defense was a definite plus factor. Against the run they were particularly tough, but most teams had difficulty moving the ball through the air as well. Their success was a tribute to the effectiveness of the

coaching of second-year coach, **Mr. Jack Crippen** and his assistant, **Coach Dick Holman**.

Even though the running of junior **Ryan Luttrell** and his running mates was an offensive weapon, the quarterback position was in the hands of three different starters through the year. This was a factor contri-

buted to inconsistency in moving the ball.

Team play was the key term which kept the team close in the games they did lose. There was no quit on the field and always plenty of support from the bench.

The Freshman Football Team was non-experienced. This was a learning year for most of the freshman players. They gained necessary experience needed. Although the team finished 0-8 in league, they were able to muster a win over Reno's "B" team. This gave the team some confidence, and a well deserved taste of Victory.

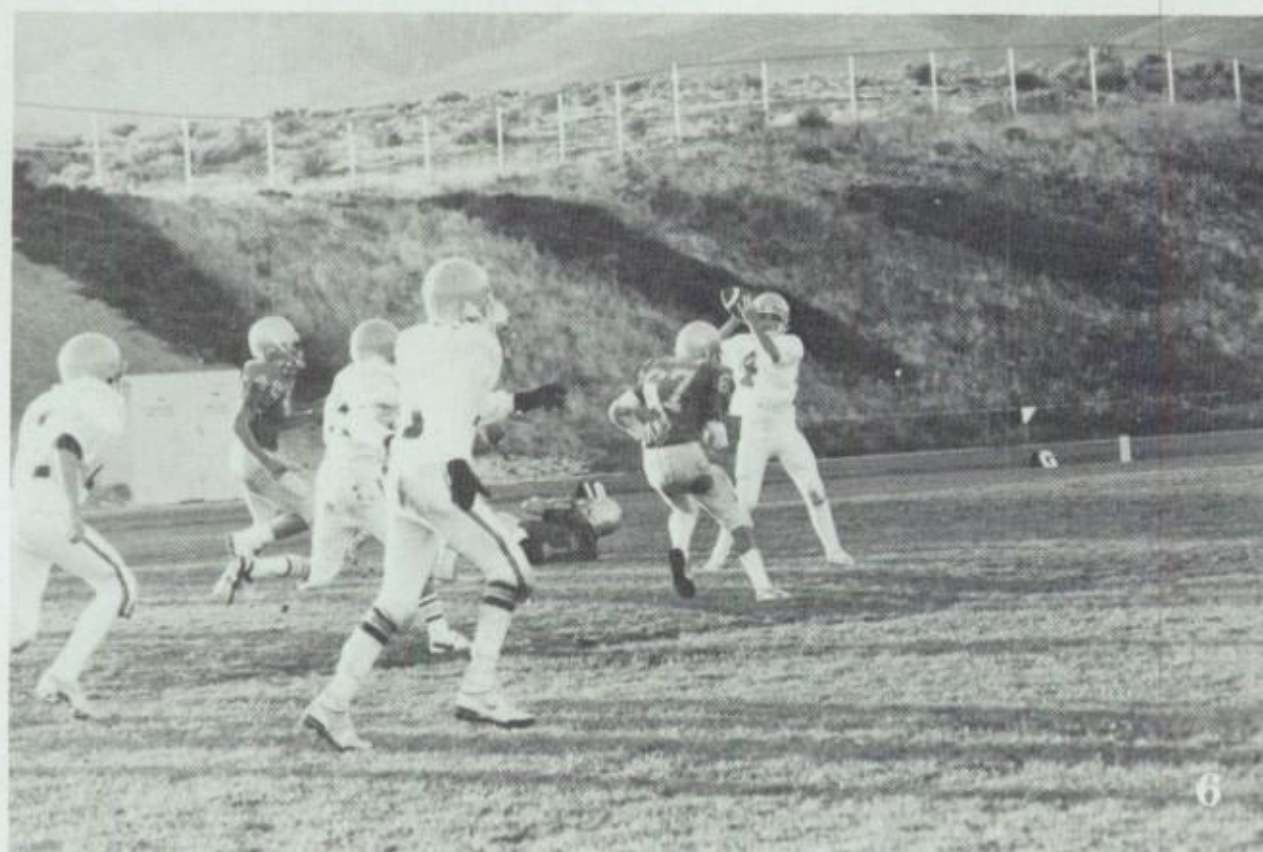

Kurtis Roberts was the teams quarterback and team captain. He was also a defensive back. **John Covello** was also a team leader at the lineman position. Other team greats were **Lee Rivers**, the teams receiver and defensive back, and **Ron Hetzell**. **Ron** was the teams number 1 running back and line backer.

scoring load with assists from unselfish teammates. Juniors **Shannon McDonald** and **Tiffany Annand** provided a powerful rebounding punch. Many of their points came in putting offensive rebounds back up and in. The team hustled consistently to improve on last year's record.

It seemed as though the ski team had eighter warm, sunny, spring-like conditions to ski in this year, or they were not skiing at all due to storms. Several meets were rescheduled because of weather, but most were held, eventually, in balmy sunshine. The team's end-of-the-year trip was struck by a double whammy. First, the

prom was scheduled on the same weekend, and next, the weather was so horrible that the team turned for home just after arriving at the Mammoth Mountain resort.

Junior **Marci Trabert** led the team this season with her four individual first place finishes and a pair of seconds in dual

meet competition. She sparked the team to wins over the girls of Hug and McQueen. **Marci** skied to a fifth-place finish in the giant slalom during zone comptition. She was voted MVP on the girls' team, while *most improved* went to **Keirsten Sorensen**.

J.V. boys works hard to keep up the teams shining image.

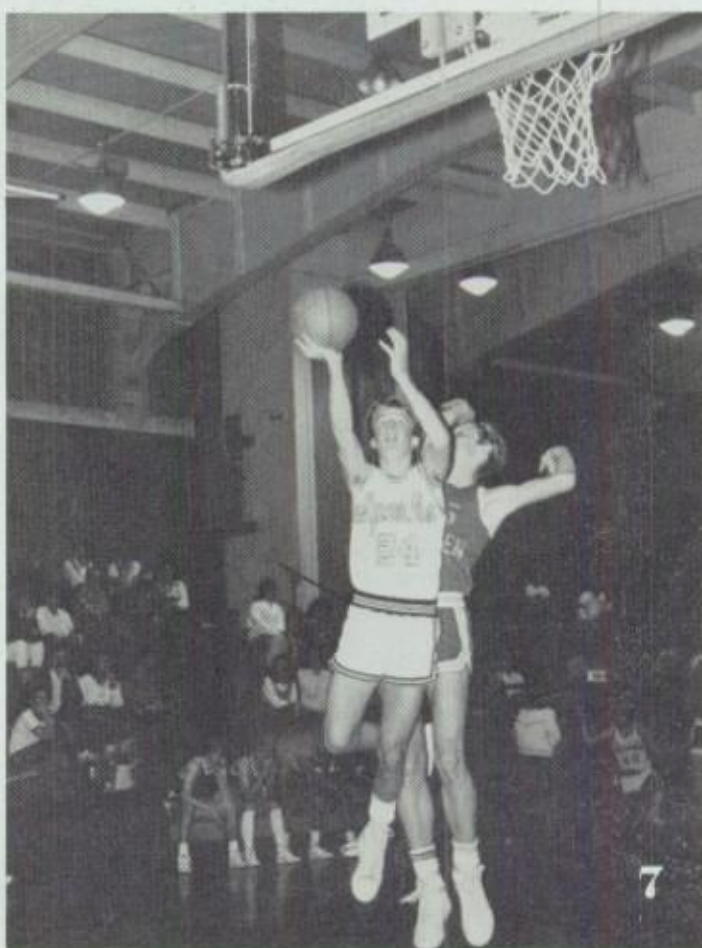

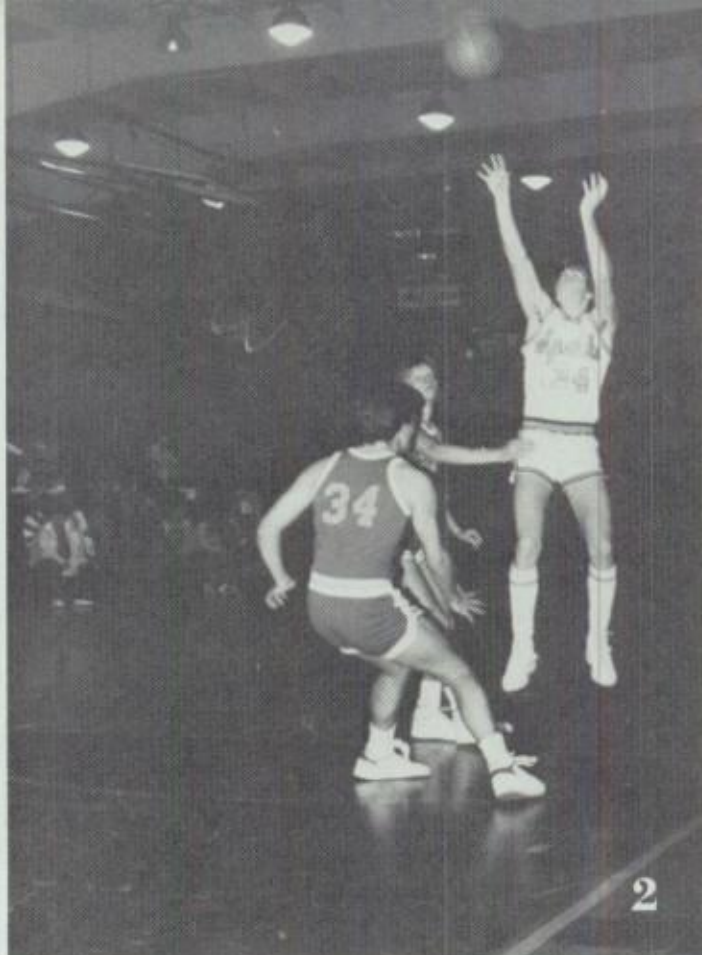

J.V. Boys Basketball players determined to keep up the good work in basketball all season. They ended up with a record of (5-13) overall for this season. Sophomore **Pat Hansen**, had led the team in scoring and had been a key factor in all wins. Junior **Vince Miller**, had also led the team to victories through the season. He filled in

many weak spots where the team needed help. There were difficulties with lack of height, which caused many problems when they played against McQueen and Carson. They were the tallest teams. The J.V. Cheerleaders gave constant support, which helped the team in their successes throughout the games.

Veterans are key to season

Head Coach Rob Hastings had plenty of talent at tryouts to choose from. Even the new faces of the team were veterans of the junior varsity team and were no strangers to XXX

Coach Hastings' brand of baseball. Veterans **Bruce Gallio, Mike Dufur, Eddie Anderson, Jon Pennington,** and **Dell Chappell** anchored the infield, but the team was solid enough

that everyone was able to contribute. The pitching staff included the arms of **Ken Cronin, Tom Owens,** and **Jon Pennington.**

Girls Track runs 'em over

This year, girls track was coached by **Mr. Tom Olivero**, and **Mr. Jim Coverley**. The ending season in track consisted of about 18 to 20 girls. They were mostly underclassmen who came out to give it a try.

The five girls that stand out in girls track, and who were most likely to go to state are: **Pam Warfield**, who is a senior, took seventh in state as a sophomore. **Marci Trabert**, who was a junior sprinting and hurdler; **Ann Schraeder**, who was a sophomore hurdler this past year. Finally, **Michelle Morison** a junior; and **Kristi Moss** a freshman sprinter.

The boy's track team benefited by the number of boys going out for the sport and their serious attitude during practice sessions. Though not particu-

larly strong in the field events, the team had some quality sprinters and hurdlers to brag about. **Dale Moss** and **Stacy Walker** were strong hundred

meter men, and **Arron Retterer** was defending state champ at 400 meters. These fellows also combined for powerful relay teams.

With a better turnout on the girls' team and a batch of young returning veterans, the swim team looked forward to a rewarding season. In the first meet of the year, the district's Aqua Pentathlon, the swimmers tasted success. **Morgana Brown** broke a six-year-old school record with a clocking of

1:15.15 in the 100 meter butterfly. She followed that up with a very impressive 1:12.19 in the 100 meter backstroke to break a school record that had stood for ten years. Sophomore, **Stephanie Murdock** slipped right back into her record-breaking form of last year, posting a first place clocking of

1:13.84 in the 100 meter breaststroke. **Coach A.J. Gorney** also noted promising performances from **Clark Allred, Russell Hicks, Jason Sattler, and Jeremy Smith** on the boys' squad. **Renee Collingwood** and **Dawne Hollis** also swam strongly for the girls.

he was a freshman and has been improving every year.

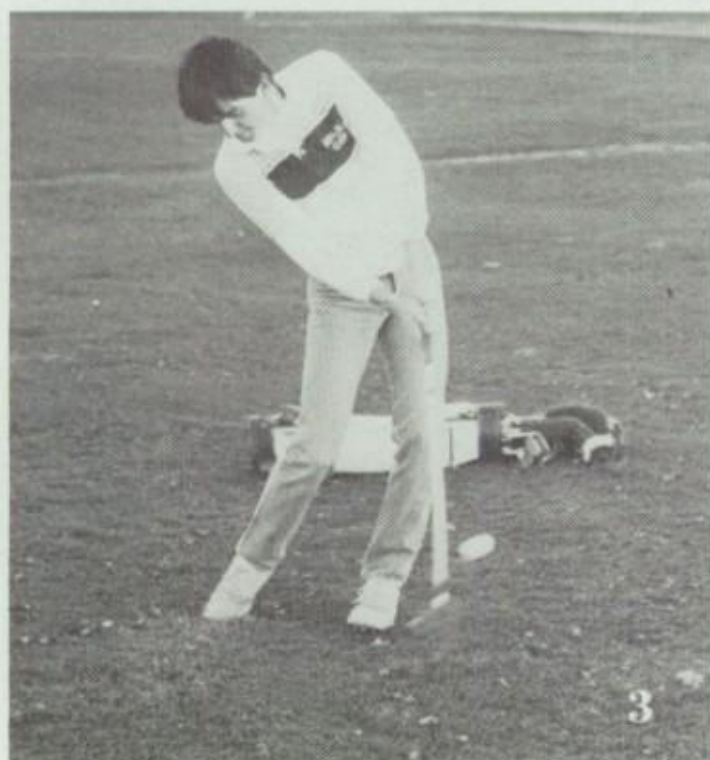

Todd Guidi, another returning letterman, has been on the team for only two years and he shows greater potential for next year.

Though the weather was bad during the season, the players stuck together and played as a true team should.

The Rifle Team had a great season this year. They placed second in Northern Zone, which they received a trophy for. Also, **Roger Capps** took first place in prone position in zone, and placed second in kneeling position, missing first by only one point.

6. Demonstrating the prone position, **Cliff Osborne** prepares to fire.

In his first year, Head Coach Bob Rucker molded an effective team around a nucleus of returners. Chris Weilberg, Rick Hummel, A.G. Burnett,

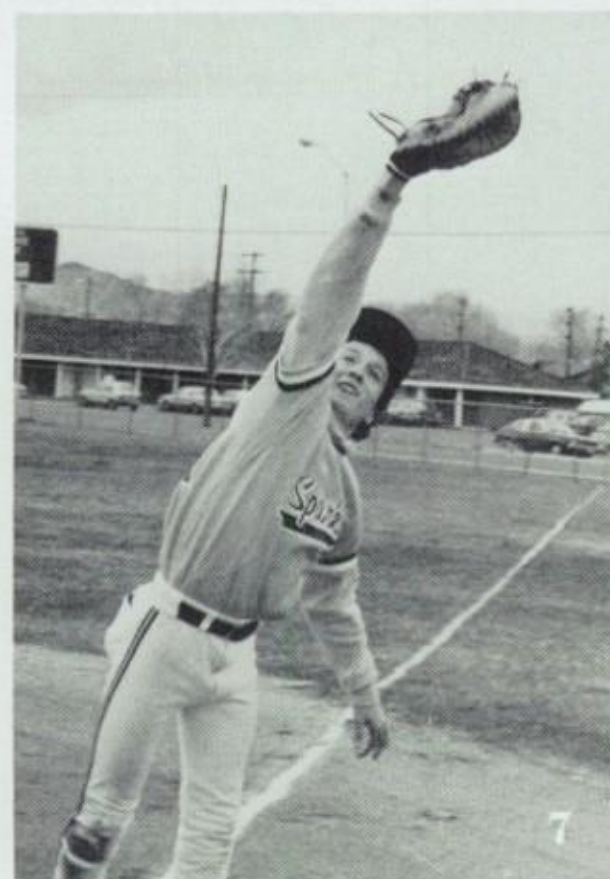

and Dan Fimby all brought experience from the 1985 season to the 1986 team. Pitching chores were handled by Kurtis Roberts, Bob Allen, Rick Hum-

mel, or A.G. Burnett. Travis Dory, Dan Fimby, and Chris Cascio were among the more consistent hitters through the early part of the season.

7. **Scott Burnett** is forced to reach for this off-line throw to first.

New coach stresses the basic fundamentals

First year coach, **Julie Annand** expected the team to hustle this year and they did just that. The team was able to compete with the other teams with the team pitching effort from **Jennifer Ramirez** and **Susie John-**

son. Along with the pitching, the hitting abilities of **Cory Elwell** and the strong infield play from **Tina Daly**, they managed to keep themselves in all the games.

Sparks flares out

Sparks High School has gone through a lot of changes in the past few years such as, one rather important change. **Mr. Horan**, past principal, retired and was replaced by former principal at *Wooster High School*, **Dr. Jaculine Jones**. Also, **Mr. Graves** was replaced by **Mr. Bob Corley's** spot as Vice principal here at Sparks High. The school's growth has gone up considerably as it stood at 1700 students.

Through the city of Sparks there have been many major changes such as, *John Ascuaga's Nugget* expanding into their 28-story tower, which was the old Nugget Casino that was on B street. *Karls Silver Club*, also expanded to fit the need for the city of Sparks. Where the old Sparks High stood, the new *Municipal Courthouse* of Sparks stands. The City of Sparks felt the location would give them a little more room to operate in the near future.

Hangouts rank highest

Sparks High hangouts usually consist of various places near the school such as: 7-11, Save-time, Mr. Bill's, Scoopers and Dairy Queen. Those students who are fortunate to have wheels scour the city for other favorite hangouts. Those who do not have wheels, remain here at Sparks High's front lawn.

The spirit of maroon and gold day

Bonfire at its best.

Entertainment took a big part of Sparks High School's activities, especially during football homecoming week. The bonfire has always been a tradition; its purpose is to get everyone psyched up for the homecoming game. One of the events we prepared for the first time during homecoming week was when the faculty put on a barbecue for everyone to enjoy during lunch in the courtyard, between B hall and C hall. It was a festive event.

We also enjoyed our everyday activities which usually took place during the lunch hour. It was then that the skateboarders practiced their techniques on their boards, as they could say.

Sparks' hot items in 86

What's Hot ... Flattops? Spikes? Croptops? Shaved on one side? Tails? Ray Bans? Var-nets? 4x4's? Sports cars? Ba-ha's?

There is only one answer to this question, according to many very different individuals who want to wear the clothes, fix their hair and drive the kind of truck or car they want.

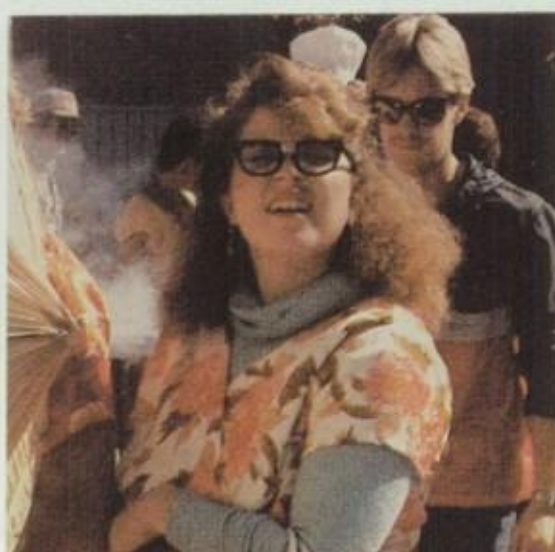

Just because they do the things they do, some people may think they are different, but no matter what the opinions are, everyone is alike in their own way. Of course, that's a matter of opinion, *Sparks High* houses many varieties of students who get involved in their own special way.

It seems like wherever you look, there are skateboarders or bikers riding along. Whether it may be a hobby or their way of transportation or just to be "in". Some may compete in races or competitions, while others just do it for fun.

Usually, the skateboarders and bikers perform their techniques during lunch hour or on the weekends, that is if you are able to see them. I guess you could say that this is transportation and fun all in one.

Sounds exploding in 86

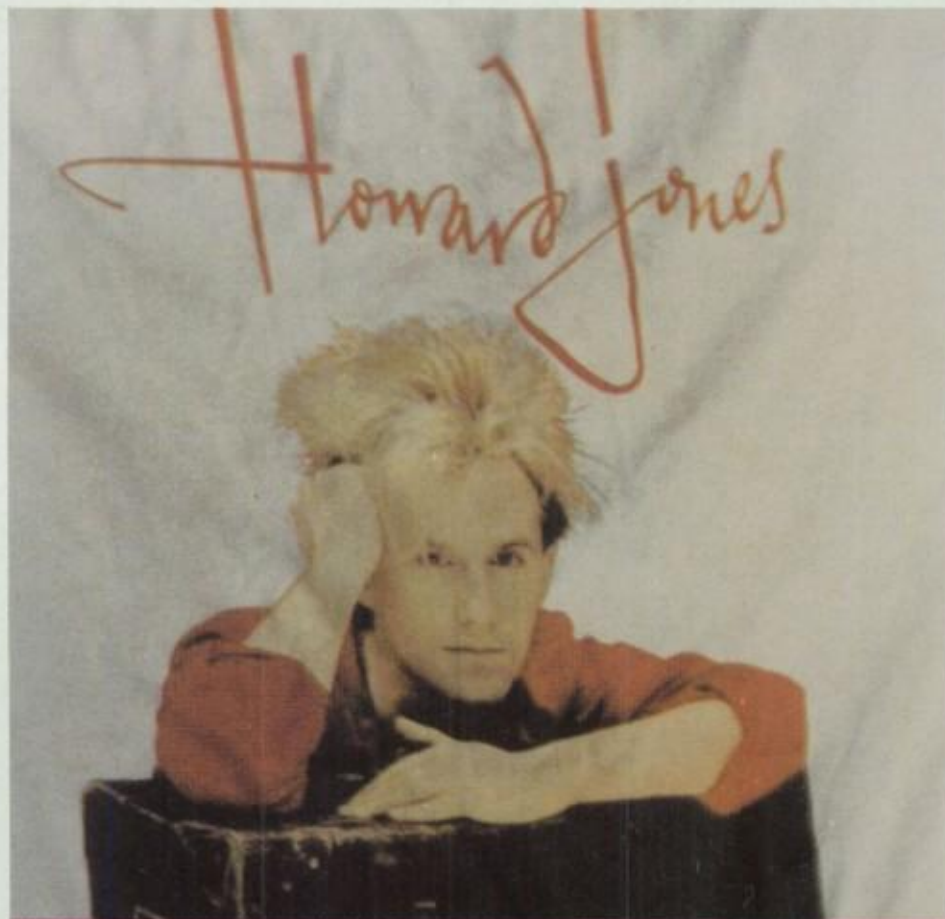

Wherever you are, wherever you go, you are always surrounded by the sound of music. Like nowadays, music varies from Country to Rock to New Wave to Hard Core to Heavy Metal. As you walk the grounds of *Sparks High School*, you hear the sounds of New Wave which is strong this year. The population from *Sparks High* is highly influenced by the new comers from the British countries as well as the Heavy Metal mania.

Special thanks to the crew from The *Record Corral*, who cooperated with us and helped us select the top hits.

Past fashions are reborn in the '80's such as, peddal pushers, flowery clothing and lace which are all in demand. As for the hairstyles, they have changed tremendously. When your hair is spiked, bleached, frosted, shaved, or GQ'd, etc., then you know you've changed.

Anything from layers of clothing, jewelry, or socks are considered fashion to every different individual.

Entertainment at night may be very exciting to see because of all the bright lights beaming off the horizon of the city. Such activities include the Nevada State Fair, the balloon races, and a view of our game from a spectator's window.

Whether it be in citizenship or academics they strived for the best. They were strong leaders and were looked up to by their peers. One boy and one girl were announced at the Senior Award Assembly. Choosing a boy and a girl has been a tradition of Sparks High School for many years. These students have something to be very proud of.

Junior students had the chance last year to attend a conference sponsored by the American Legion, Department of Nevada. Its soul purpose was to teach the youth of today constructive attitudes toward the American form of government. Boy's and Girl's State should be thought of as the 51st state with a constitution, statutes, and ordinances constructed by its citizens to govern themselves.

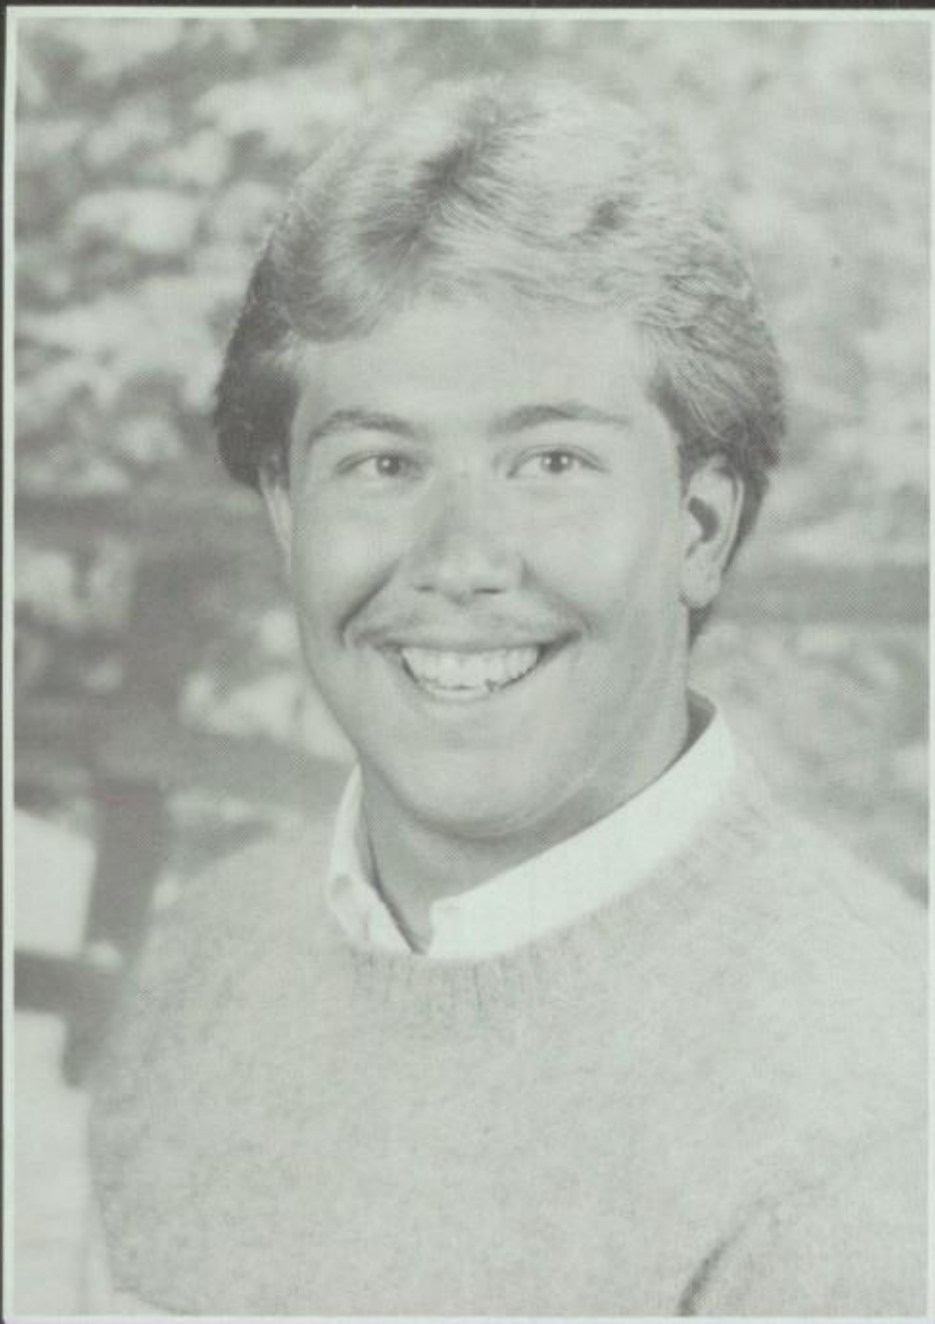

Among those that attended were: *Darell Williams, Albert Bowes, John O'Rourke, Jennifer Sussman, Ronele Richards, and Courtnay Gann.*

SPARKS OF ENTHUSIASM

The team to beat this year was the Vikings from South Tahoe. Game time was at 5:00 for the freshman on Thursday, 5:30 and 7:30 for the j.v. and varsity teams on Friday. During halftime, the Sparks High Sparklers performed for the crowd and the floats paraded around the field giving the fans something special. The Homecoming Queen's were then able to ride around the field in the loan Corvettes. This year's queen candidates were: **Debbie Rosas, Cori Stauffer, Courtney Gann, Stephanie Farley, and Corinne Williams.** Earlier we had the Homecoming assembly where there was fun and entertainment for the students and faculty. **Mr. Valline** said a few encouraging words to the teams and student body as well, and stated "I have a feeling that our teams are going to do well this game, so let's go to the game and cheer them on." Afterwards, there was the Homecoming dance held in the big gym with **Joel Muller** being the guest disc jockey.

9. "We are all gathered here tonight to witness the destruction of our enemy," thinks *Teri McCombs.*

It was a night of glamour and excitement. There was disappointment for some, but the disappointment was soon forgotten over the crowning of the new homecoming queen, **Debbie Rosas**. The students, families, and fans of Sparks High cheered as the candidates paraded around the track in 1985 Corvettes. **Debbie** was chosen by popular vote of the entire student body.

For the football team, the night was not as joyous. The varsity Railroaders lost to the Vikings of South Tahoe High by the score of 35 to 2. Even the lopsided loss did not dampen the fiery spirit that had been generated throughout the week.

1. **Debbie Rosas** receives bouquet of happiness as her escort **Eddie Anderson**, applause.
2. **Debbie Rosas** gets the winning hug from **John O'Rourke**.
3. **Ernesto Leyva**, and **Steve Fisher** rush in for the tackle.

SHS rocks out at the rock show

This year, Sparks high students showed real dedication to one of the better fund-raisers for the *Jr. Masquers*. The Rock Show, a lip sync imitation of today's popular groups. The show ran for five days during the lunch hour and was close to a sell-out everyday. The masquers raised a total of \$800.00 which went toward funding the club's plays. A few of the performing groups were: Madonna, Motley Crue, Metallica, Five Star, Ratt, and many more. **Mr. Cahill**, the club's advisor, and the *Jr. Masquers Drama Club Audition Committee* were a few who helped make this year's Rock Show one of the best events of the 85-86 school year.

1. **Dan Scurlock** sings with his heart and soul as he mimes George Micheals of Wham!
2. Our very own David Lee Roth imitator, **Scott Anderson**, rocks to the sounds of Van Halen.
3. **Jeremy Gunther** does his stuff as the lead guitarist of Foreigner.
4. Heavy metal heads **Kyong Chang**, **Eric Alvarez**, and **Steve McCloud** rock the little theatre with the music from Metallica.

5. *Jeremy Gunther* jams his way through an Eddie V.H. solo.

ACTIVITIES

ROCK SHOW 249

Open house raises school spirits up!

This year's open house theme was "Spirit Night", and that's exactly what it was. 500 parents attended on Wednesday, November 6, to get a glimpse of what Sparks High offers to their children. **Mrs. Fox** and **Mrs. Boyden** were the chairwomen of this event. It was a night for parents and teachers to meet and get to know each other. There were lots of activities going on all through Sparks High. The drill team and the band performed, and the ROTC color guard presented the American flag. The parents were able to get involved too. Some tried their hands at calligraphy, leather tooling, the computer room, and the science rooms. All together everyone enjoyed themselves and they left in "high spirits".

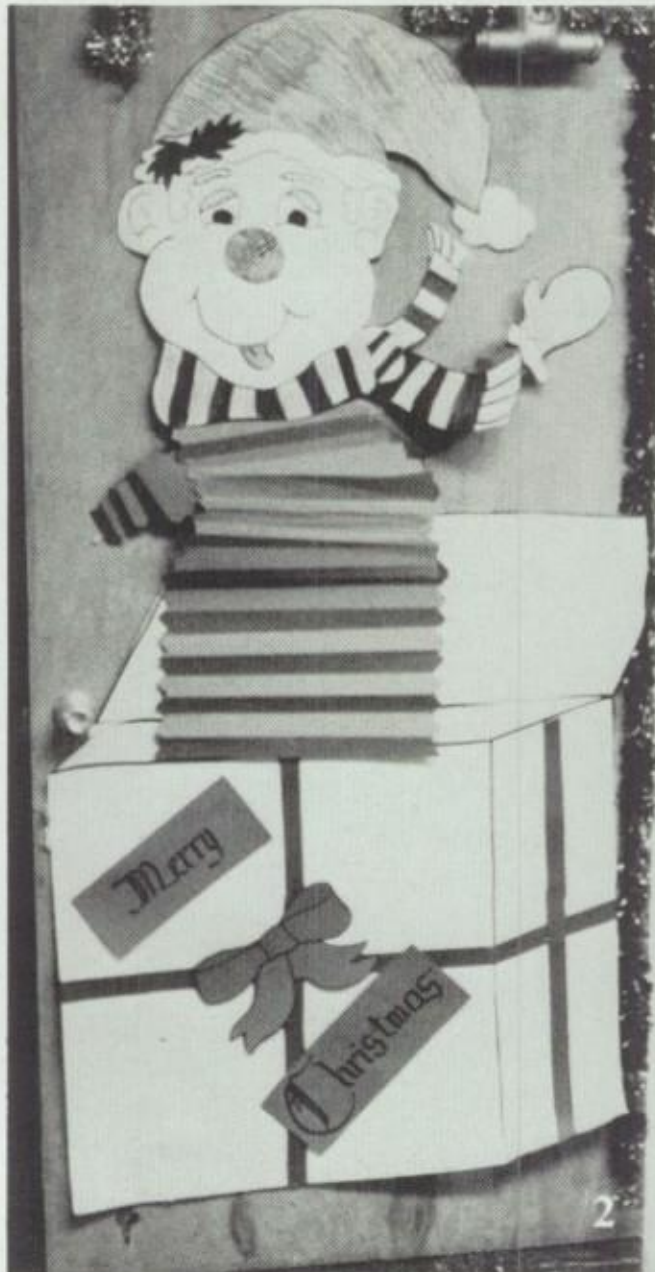

1. These folks don't look too happy. They obviously saw their son, **Brandon Urrutia's** grades.
2. **Mr. Stick**, in a common pose, shows off for **Heather Wambaugh** and her dad.
3. **Mr. Norris** tells a slight joke to put these parents at ease before he drops the "bang" on them.

1. This is a happier moment for **Mr. Mathie**, when he is left alone to collect his thoughts, after a load of parents go on to another room.
2. **Krista Whellams** and **Mrs. Wilkens** pal around like two old friends.
3. **Mr. Voss** tries to look like the tough kind of guy, but he really looks like a guppy, during open house in his computer room.

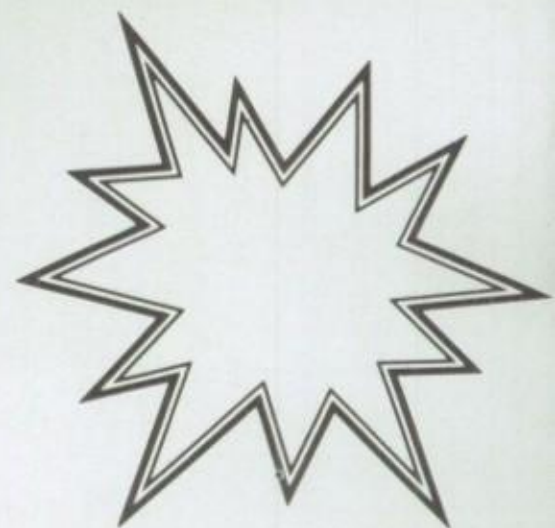

Christmas cheer made 85 the perfect year

All the students spirits were soaring during the holiday season at **Sparks High**. Presents and cards were exchanged, and the homework load became less as the teachers got caught up in the festivities. The very best part to the holiday spirit was the anticipation for Christmas vacation and the family feeling of togetherness that was fast approaching.

1. **Suzi Johnson** tries her luck as a Santa Claus imitator at the Christmas assembly.
- 2&3. B-4 and B-7 exhibit their door decorating ideas as the runners up to Mr. Bryn's first place.
4. **Dr. Jones**, Sparks High's principal, takes her turn at telling Santa what she wants for Christmas.
5. Santa Claus has come to visit, bringing with him good cheer and merriment.
6. **Kim Calhoun** waits in anticipation to sing the drill teams traditional "Silent Night."

The exam's included a blood pressure check, your weight, height, your blood type, and many more. The kid's that went to the fair learned alot about the different health check's. The nurses and doctor's were Volunteer's from the surrounding Hospital's in Sparks and Reno.

BASKETBALL HOMECOMING 261

Spring play's final results came from the audience.

The spring play this year, *The Night of January 16th*, was written by **Ayn Rand**. It was a court room drama about **Karen Andrea** on trial for murdering **Bjorn Faulkner**, a rich business man. The jury was 12 people picked out of the audience which made the play very interesting. The advanced acting class put on the play, under the direction of **Mr. Cahill**, the drama teacher.

- 1) **Jeremy Gunther** congratulates **Krissey Silva**.

The oldies vs. the goodies

This year, for a new twist, Sparks High basketball teams put on a crazy basketball night, a fund raiser which raised close to \$400 for the basketball teams. The event was held on February 7, 1986, beginning at 4:15. Cost was \$1.00. Three games were played: boys varsity vs. Sparks High alumni, faculty vs. junior varsity, and girls var-

sity vs. freshmen. Everyone had a great time, and **Mr. Peraldo** plans to continue the event. The evening ended with no one wanting it to, yet there were some well won victories made. The freshmen stomped on the girls varsity, 62-47, junior varsity sizzled past the faculty, 66-58, and the alumni beat boys varsity, 81-50.

1. **Susan Howard** looks for an open person to pass the ball to.
2. **Dean Whellams** goes for a freebie as the others look on in anticipation.
3. Determination is the name of the game. Looking at **Tiffany Annand** we see that this is true.
4. **Mr. Peraldo** and **Dean Whellams** fight desperately for control of the ball.

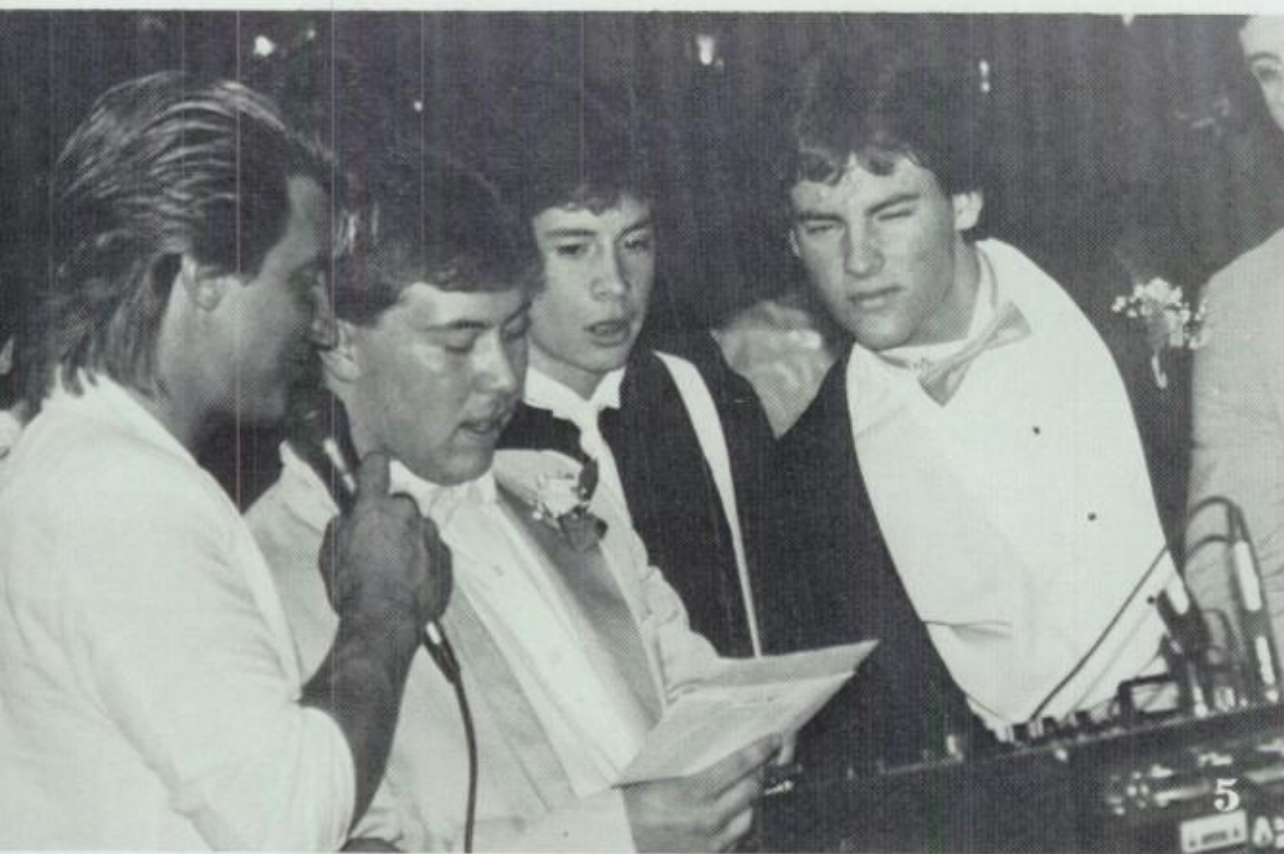

1. *Mr. Melody* tries to go up for two, but the junior varsity has a different idea.
2. "Well gee!" *Stacy Walker* looks spellbound as he looks at the ball, which is rolling slowly down the court.
3. *Eddie Bergman* practices a Tarzan yell, trying to attract an Alumni from scoring two.
4. *Mr. Peraldo* keeps a mighty grip on the basketball.

These dreams go on and on

This year, Sparks High put on one of the best Junior/Senior Proms ever. It was held on March 8, 1986, from 8:30 p.m. until 12:30 p.m. at the *Reno Ramada*. Everyone boogied to the sounds that **D.J. Bob Principe** kept pelting out all night. Everyone was dressed to kill, in formals of every kind. Decorations made the perfect setting, all the way from balloons hovering near the ceiling to the flowers that were placed on every table. **Tim Mooney, Wendy Schiller, and Suzanne Fricke** were the ones who rally put everything together to make the "86" prom a dream that will last and last.

1. *Wendy Schiller* looks in awe at something *Mrs. Bergman* shows her.
2. *Tim Mooney* views the boogying people on the dance floor.
3. Even *Suzanne Fricke* is allowed to have some fun. Between dances she mingles with her buds.
4. *Darrel Williams*, senior prom king, tries unsuccessfully to put the crown on senior queen *Jennifer Fittinghoff*.
5. King candidates *Eric Martinez*, *John O'Rourke*, and *Craig Mooney* try to sneak a peek over *Darrel Williams*'s shoulder to get a glimpse of the future queen.
6. Senior queen candidates *Jennifer Fittinghoff*, *Donna Carlson*, *Lisa Rice*, *Candie Long*, and *Elizabeth Carithers*.
7. Junior queen candidates *Suzanne Fricke*, *Tiffany Annand*, *Caryn Coombes*, *Tracy Golden*, *Wendy Imus*, and *Susan Howard*.
8. Junior king and queen *Mike Dufur* and *Tiffany Annand* have a friendly slow dance together.

The memories remain intact

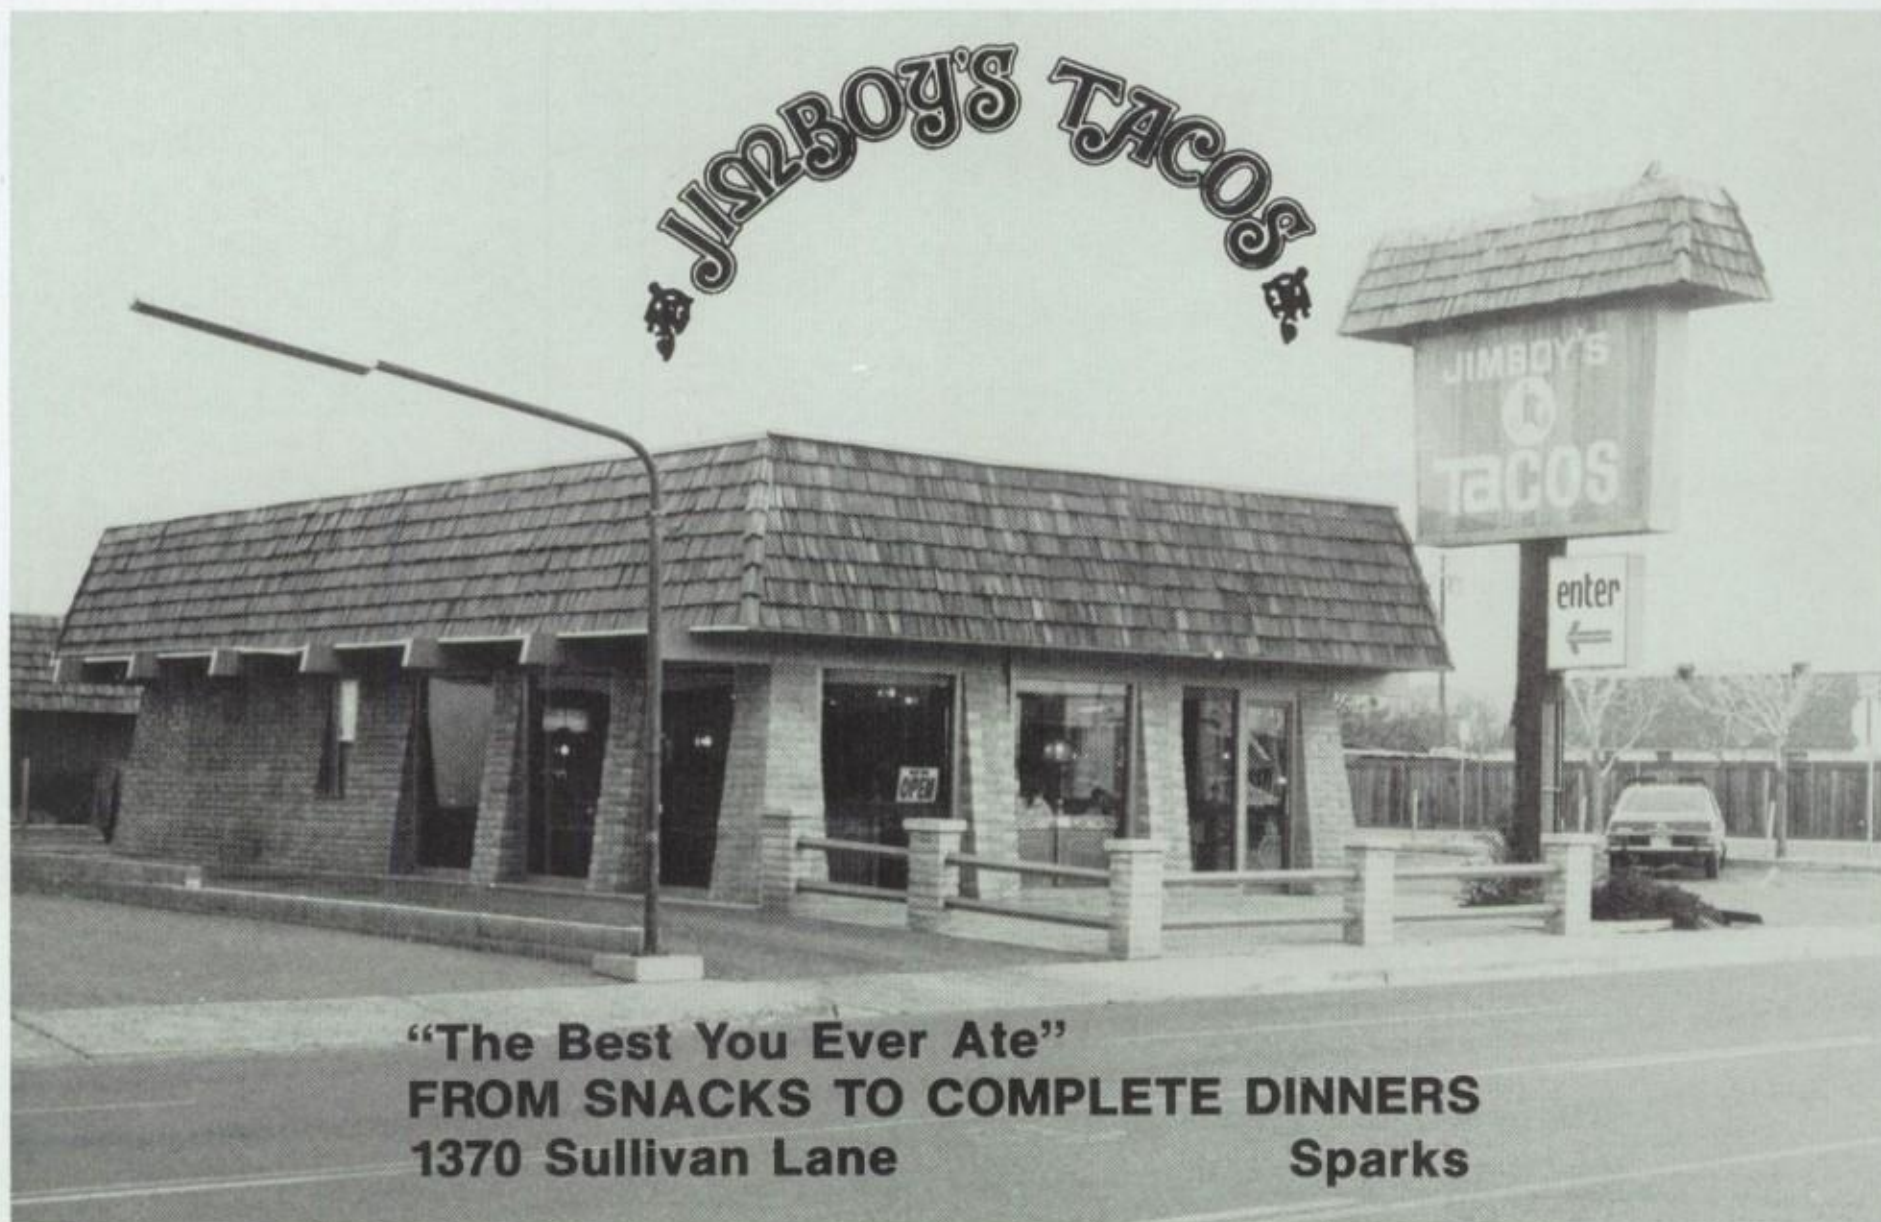

The night was stormy, but that didn't stop the Juniors from attending the prom. They arrived in everything from limo's to Cadillacs to older model Mustangs, all looking quite grown-up and spiffy. The dance floor was crammed with dancing bodies all night, but everyone enjoyed the closeness. Pictures were taken to help the memories that will last forever. For everyone, it was a night to remember.

1. Many happy couples only have eyes for each other during a slow dance.
2. **Brian Langum** becomes engrossed in his fingers while his date, **Laina Nance**, watches in fascination. She would rather be dancing.
3. These happy people take a punch break.
4. **Heather Gann** shares a tender moment with her man.
5. The slow songs give everyone a rest between the fast numbers.
6. What a smile! **Carrie Tote** laugh at an amusing joke told to her by **Mark DeSalvo**, her date.
7. **Steve Carmer** looks on in exasperation as **Nick Leverett** makes duck-lips to his date, **Marklyn Franch**.
8. **John O'Rourke**, **Tiffany Annand**, **Shawn Guthrie**, and **Susan Howard** sit and watch all the other folks dance.
9. **Tracy Golden** and **Mike Dufur** sneak a romantic kiss.

This year I was able to work with some of the finest students Sparks High had to offer. The yearbook staff struggled throughout the year hoping to produce a piece of memory that would not be forgotten in later years.

I, along with the staff, would like to pay tribute to the seven astronauts who tragically died aboard the last flight of the Challenger. I believe through this we were able to fully understand the sense of sorrow that occurs everyday in life.

Major flooding hit Nevada in mid-February causing disastrous results in five counties. East Sparks was threatened by the overflow of the Orr Ditch, while West Sparks was flooded with an abundant amount of water coming from Paradise Pond. On the other side of town, downtown Reno took its worst from the Truckee River. All was not lost though, school was cancelled for a week while after, the weather rose to record setting highs.

You could say it has been a trying year for all of us in the Truckee Meadows as well as the U.S., but I would like to express my gratitude to those people who helped make my year a whole heck of a lot easier. To **Eric Amberson**, he supplied us with the design of artwork which was used in the book. To **Mr. Tedrowe** who lent us some of his pictures that were placed in the book, thanks. To Josten's, they sweated with us while we tried to meet deadlines, sometimes extending them a little. Hey **Mr. Furman**, I think it is done?? I, as well as the staff appreciated your time and effort, and if anything remember the times we were all angels . . . ? **Cherie** and **Jill**, thanks for all your help. There were some times when I would have gone under without it. To the dedicated students of the staff, I know I got on all of you once in a while, but now you can see why. Those of you who are returning next year, I wish you all the best of luck. Finally **Mrs. Jones**, our prestigious principal, you have gotten your first Sparks class, the class of 86, on their way; and we all know you are capable of producing many more. Good luck in all you do.

Bob,
Hi! It's been
fun having you in
